Adresse du Projet	Rue Candy 41250 BRACIEUX
Numéro de pièce	ETUDE AU CAS PAR CAS - ANNEXE 4

## A photograph of a modern building with a white, undulating roof and a wooden facade, situated in a rural landscape with a dirt road and trees. The building is long and low, with a series of white, wave-like roof sections. The facade is made of vertical wooden slats. It is surrounded by a dirt road, grass, and trees. In the background, there are other buildings and a clear sky.
